PRIVATE BOAT DAY IN THE SKERRIES

KRISTIANSAND · THE SOUTH COAST OF NORWAY

SEASON 2027
PRODUCT SHEET

ACTIVITY OVERVIEW

Two or three hours through the skerries south of Kristiansand on a private boat with a licensed local skipper. The route passes Flekkerøy, Randøya and the outer islands, with warm rock to swim from, a lighthouse, quiet bays and a coffee stop ashore. Every stop is optional. The skipper plans the route on the day around the group, the weather and the light. Hours can be added for lunch on board, fishing, a paddle or a walk ashore.

THE SKERRIES

South of Kristiansand the coast breaks up into small islands and smooth rock, with sheltered water inside and open sea outside. Oksøy and Grønningen lighthouses stand at the entrance to the city. Flekkerøy has a working fishing harbour. Further west lies Ny-Hellesund, a white-painted pilot village from the 1700s.
